Mr. Alex Lempert
Director, IEH Division
New York City School Construction Authority
30-30 Thomson Avenue
Long Island City, New York 11101-3045

**Re: Modification of Approval for Cleanup and Disposal of PCB Remediation Waste
under 40 CFR §761.61(a)**

Dear Mr. Lempert:

This is in response to your August 10, 2015 correspondence regarding the polychlorinated biphenyl (PCB) cleanups at the following schools.

School	Address
Public School 92M	222 West 134 th Street, New York, New York
Intermediate School 78K	1420 East 68 th Street, Brooklyn, New York
Intermediate School 292K	300 Wyona Street, Brooklyn, New York
Public School 126X	175 West 166 th Street, Bronx, New York
Public School 129X	2055 Mapes Avenue, Bronx, New York

Your correspondence requests modification to the cleanup schedules that were approved by the United States Environmental Protection Agency (EPA) on April 22, 2015. The reason for the request is that the cleanups could not proceed due to conflicts with the student summer programs. You indicate that PCB remediation activities are now anticipated to be completed during the summer of 2016.

Please be advised that EPA hereby approves this request. Should you have any questions concerning this matter, please contact James S. Haklar at (732) 906-6817 or at haklar.james@epa.gov.

Sincerely yours,

John Gorman, Chief
Pesticides and Toxic Substances Branch
Division of Enforcement and Compliance Assistance
